List of Figures

- Fig. 1. Distribution of FDSN stations on the Antarctic continent.
- Fig. 2. Block diagram of new recording system for the STS and HES.
- Fig. 3. Over-all frequency responses of the HES seismographs.
- Fig. 4. Amplitude and phase responses for the velocity output (BRB) of the STS.
- Fig. 5. Epicenters of the 760 earthquakes recorded at Syowa Station.

List of Tables

- Table 1. List of phase arrival-time data in 2008.
- Table 2. List of hypocenters of teleseismic events detected at Syowa Station.
